Continuing Medical Education in Lysosomal Disorders Workshop

Anna Tylki-Szymanska, M.D., Warsaw, Poland

Y O U ’ R E I N V I T E D | R E G I S T E R

Genetic, Rare Immune
in Lysosomal Disorders Workshop

·    Gerald Marti, M.D., Ph.D., Silver Spring, MD

This two-day, workshop will focus on the immunological aspects of lysosomal storage diseases (LSDs) and immune response to biologicals and small molecules in LSDs.

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of Professional Education Services Group (PESG) and Lysosomal and Rare Disorders Research and Treatment Center (LRDRC). This Symposium will be supported as a single session event with 6.75 CME credits for 3.75 hours. Participants are required to attend the entire Symposium to claim CME Credit.

Confirmed speakers:

- Anna Tylki-Szymanska, M.D., Warsaw, Poland
- Avi Zotter, M.D., Jerusalem, Israel
- David Markovic, M.D., Genesee, FL
- Deron Ulinich, M.D., Fairbanks, AK
- Elina Avnaim, Ph.D., Rochester, NY
- Fatima Macedo, Ph.D., Porto, Portugal
- Gregory Grabowski, M.D., Cincinnati, OH
- Hanna Rosenbaum, M.D., Haifa, Israel
- Holly Aflaki, Ph.D., Rockville, MD
- Margarita Ivanova, Ph.D., Fairfax, VA
- Oral Aflaki, M.D., Fairfax, VA
- Derya Unutmaz, M.D., Farmington, CT
- Elma Aflaki, Ph.D., Rockville, MD
- Sarah Spiegel, Ph.D., Richmond, VA
- Thomas A. Wynn, Ph.D., Bethesda, MD

Agenda: Sunday November 05

- Replacement Transfusion and Immune Response
- Monocyte biology in health and disease
- Phagocytosis and phagocytic cell biology
- Immune dysregulation in Fabry disease
- Complement pathway and novel therapeutic approaches in LSDs
- Macrophages, inflammasome and autophagy pathways at crossroads
- Lysosome and immune pathways in health and disease

Agenda: Monday November 06

- Immune Mechanisms in Lysosomal Storage Diseases
- Therapeutic approaches in LSDs
- Thrombocytopenia, and autoantibodies in lymphocytic leukemia
- Antigenicity and biological significance in Gaucher disease
- Infectious diseases in Fabry disease
- Is lifelong prevention/treatment of inhibitor development ever possible

Sunday, November 05: 9:00 am - 4:30 pm
Monday, November 06: 9:00 am - 5:00 pm

Registration begins at 8:00 am. Dinner is optional

This program will provide continuing education credit for physicians, physician assistants, nurses, nurse practitioners and pharmacists.
